Compilation of past and planned procurement of Artemisinin-based Combination Therapies (ACTs) from available public sources

Disclaimer: These figures are the results of the compilation by the RBM Secretariat, of many sources of procurement data including : Draft and final proposals from Global Fund Rounds 4, 5, 6, 7 and 8; Draft and final Round 7 PSM plans; Global Fund Grant Performance Reports, the World Bank Booster programme, the U.S. Presidents Malaria Initiative, the Global Malaria Action Plan annexes, the WHO World Malaria Report 2008 annexe 5 and the Roll Back Malaria Commodity Services database. Data from a more recent source systematically replaced and updated the corresponding data from previous sources. Countries for which no publicly available data have been compiled at the moment, have not been included in the table below.

Partners willing to contribute to this effort by providing sources of past and planned procurement data, as well as data for additional countries, are invited to do so by contacting Philippe Verstraete at the RBM Secretariat (verstraetep@who.int).
