

## **UNITAID Board Meeting, December 2007**

Directed the UNITAID Secretariat to further explore the possible role of UNITAID and the potential added value of its involvement in the proposed AMFm, taking into consideration the alignment between the objectives of UNITAID and AMFm

**Roll Back Malaria (RBM) 7 March 2008** Executive Director requested UNITAID's continued support in addressing outstanding design and implementation challenges and to take a lead in the following areas in the preparatory phase:

- Negotiations of ACT manufacturer sales prices and setting co-payment levels
- ACT demand forecasting
- Increasing ACT supply through its continuing support for WHO prequalification

## **Alignment with UNITAID Principles**

- Additionality (private sector)
- Eligibility criteria
- impact on market dynamics
  - availability
  - quality
  - price reduction (end users)
  - delivery time
  
- **Potential Roles of UNITAID in relation to AMFm**
- Contribute with other donors
- Negotiate with manufacturers
- Contribute to forecasting
- Quality Assurance

## **NEED TO FURTHER INVESTIGATE**

- Governance
- Financial implications
- Other resource requirements

## **NEXT STEPS**

Work closely with GF and RBM in developing a proposal/implementation plan for presentation to the UNITAID Board Meeting in November 2008, including the phase-in approach

**Executive Board  
7th Meeting  
2-3 April 2008 - Brasilia, Brazil**

**Resolution n°9  
AMFm**

The UNITAID Board welcomes the work done to date on the AMFm and expresses its support in principle, subject to resolution of outstanding issues for the further development of AMFm.

The Board requests the Secretariat to:

- Proceed to further define, in relation to the Global Fund and RBM, the options for UNITAID's areas of involvement in the AMFm and prepare a proposal to the Board setting out the framework for collaboration, including governance, policy and financial implications, taking into account the points raised by the Board;
- Strengthen the capacity of the Secretariat by engaging appropriate expertise, including in forecasting and market analysis.
