

FINAL AGENDA

Objectives of the RBM WIN-5 Meeting

1. To reconstitute the RBM Working Group dedicated to scaling up and optimizing malaria vector control in light of new challenges, partnerships, opportunities and current vector control implementation needs.
2. To discuss current and emerging issues that should be addressed by the new Working Group and establish a 2010 work plan coordinated with WHO-GMP, HWG (AMP) and other partners.

The meeting will have the style of short presentations to set the stage for extensive discussions.
