# ITNs Coverage rate 2003-2006

## Pregnant Women

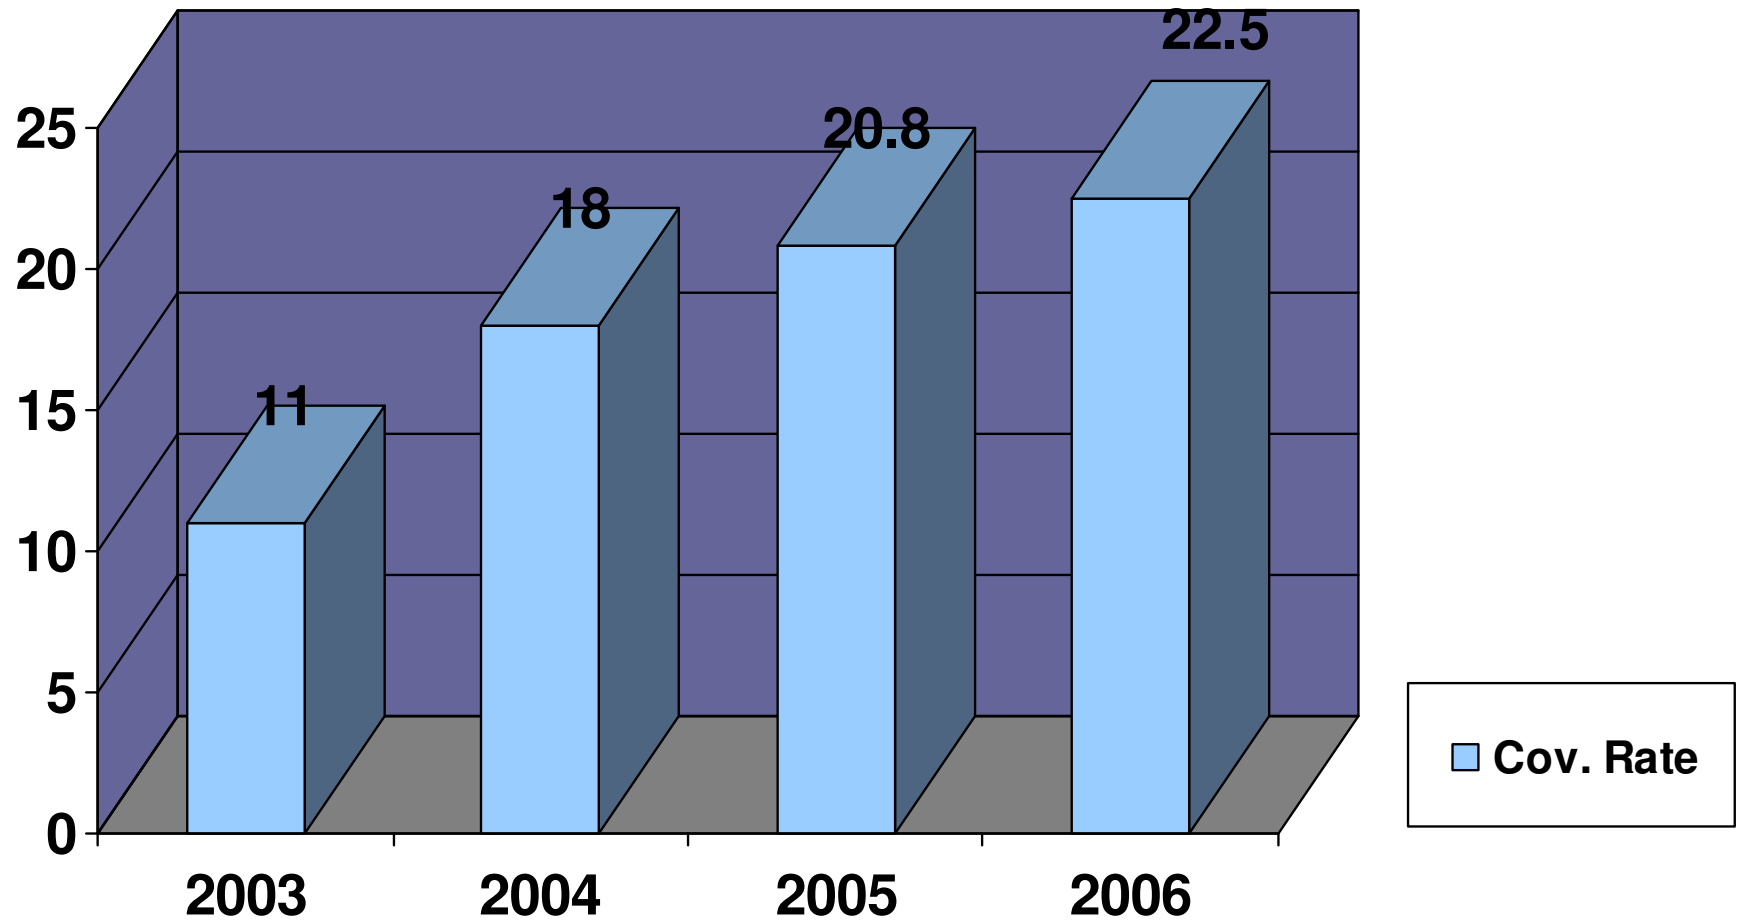

# ITNs Coverage rate 2003-2006

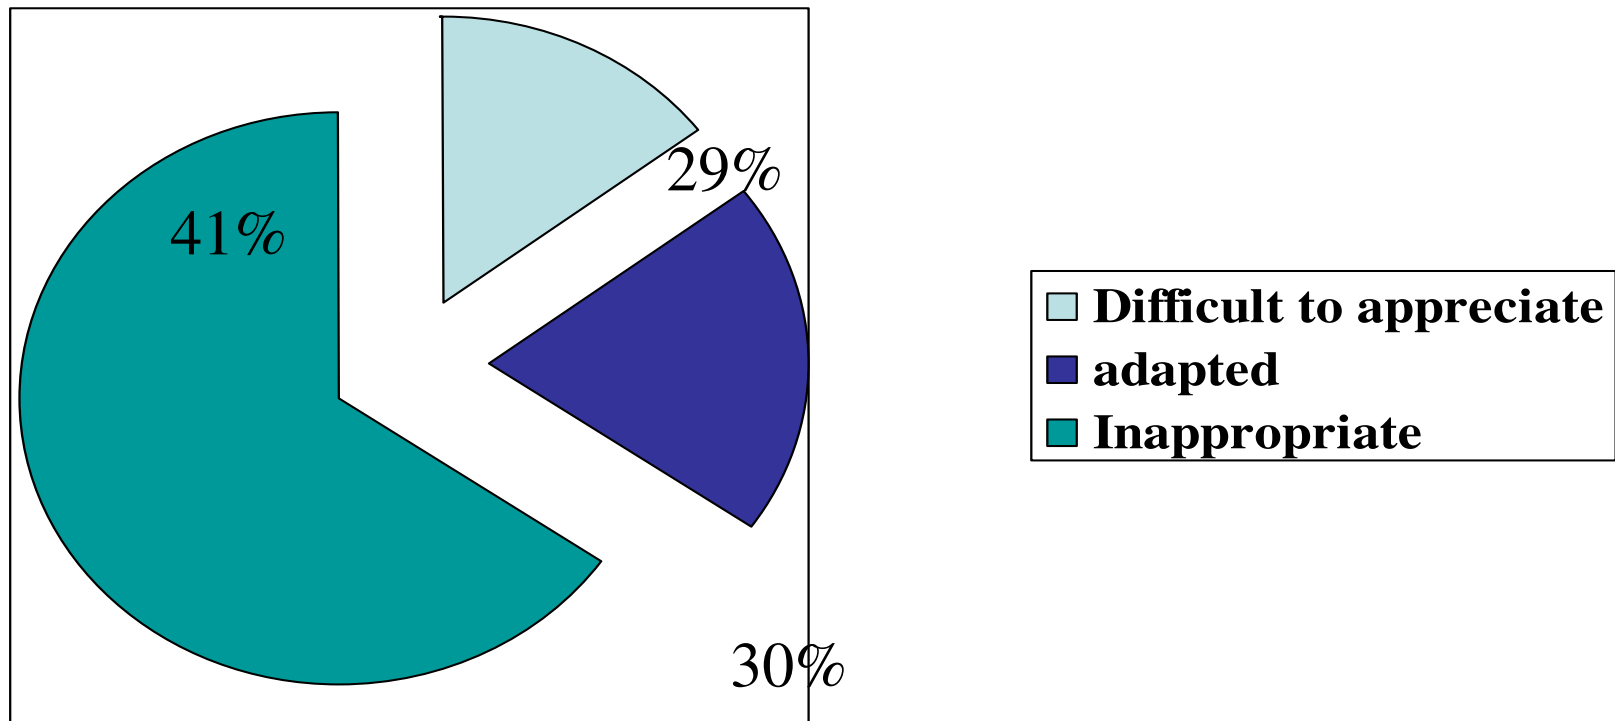

## Children < 5years sleeping under an ITN

# National Coverage rate 2003-2006

# Malaria cases management

# Next step

- We are planning a retrospective survey for the four years and for 2007 in the different areas of Mali.
- These data can give the real information in country level.
